

MAINTENANCE/ REPAIR FORM

USE THIS FORM TO REPORT REPAIR AND MAINTENANCE NEEDS

Thank you for choosing our products. Please review the following warranty information before submitting your maintenance and repair request:

- **60-Day Warranty Coverage:** Our products come with a 60-day warranty from the date of purchase. If your tool requires service within this period, all labor and replacement parts will be provided at no additional charge.
- **Out-of-Warranty Service:** For tools serviced beyond the 60-day warranty period, a labor charge will apply, and parts will be billed at current replacement costs. We commit to providing a transparent and detailed estimate before any out-of-warranty work begins.

Please ensure that your request form is included with the tool when sent in for repair or email the form to sales@unitedstrappingtools.com.

This information is crucial for determining warranty eligibility. There is a \$125.00 inspection fee that is waived once the estimate is approved.
